

RK Chugh elected as President, IEEMA for 2019-20

Indian Electrical & Electronics Manufacturers' Association (IEEMA) - the apex association of the Indian electrical equipment manufacturing industry, is pleased to announce that RK Chugh has been elected as the President, IEEMA for 2019-20. Chugh will take over the coveted post during the IEEMA annual convention and AGM to be held on September 17, 2019 themed as 'Transfor-

mational Reforms'.

R K Chugh is presently serving as Vice President – Industry Interface, Smart Infrastructure, Siemens

Limited. Chugh has a diverse set of business experiences in the fields of Power Transmission and Distribution (T&D), Automation & Digitalization in South Asia markets. He is highly reckoned for his proficiency across various responsibilities in India & Germany.

The association believes that he will provide exceptional leadership to IEEMA at this important juncture-

because of his outstanding professional credentials and extensive international experience. He is very well known in the Industry for his work with Utilities & across Electrical Equipment spectrum and people management.

IMTMA to host National Productivity Summit 2019

Indian Machine Tool Manufacturers' Association (IMTMA) is set to organize the 13th edition of National Productivity Summit 2019 on 20 - 21 August 2019 at Bangalore International Exhibition Centre (BIEC), Bengaluru, India.

Mr. Vipin Sondhi, Managing Director & CEO, JCB India Limited will be the Chief Guest for the summit. Guest of Honour, Mr. Bhaskar Bhat, Managing Director, Titan Company Limited, will speak on 'Impact of Productivity on India's Manufacturing Competitiveness'.

On Day 1 of the summit, Mr. G. Parthipan, CEO, Rane TRW Steering Systems will be delivering his keynote address on 'Adopting modern manufacturing technology to enhance productivity'. Day 2 will witness Dr. Babu Padmanabhan, Manag-

ing Director, and Chief Knowledge Officer, Steer Engineering delivering a keynote address on 'Innovation as a powerful tool to enhance productivity'.

National Productivity Summit serves as a platform for knowledge sharing, cross-learning, and networking. The two days summit will enable delegates to learn more about the various facets of manufacturing competitiveness from prominent industry experts as well as the case studies presented

by various companies. The interactive, thought-provoking sessions will provide participants with an enriched learning experience, enabling companies to enhance their productivity and train their workforce in the latest technologies and processes for productivity excellence.

The IMTMA - ACE MICROMATIC Productivity Championship Awards, will recognize and reward outstanding efforts from the shortlisted case studies of companies which have ex-

celled in achieving superior performance.

Leading manufacturing companies such as Bosch Limited, Bharat Heavy Electricals Limited, Carborundum Universal, Godrej & Boyce Manufacturing, Mahindra & Mahindra, Rane TRW Steering Systems Private Limited, SAAB Engineering, TVS Motor Company Limited, will present their case studies.

The summit will also feature a concurrent session on Productivity improvements in SME sector. Under this, Gala Precision Engineering Pvt. Ltd., Khutale Engineering Pvt. Ltd., and UCAM Pvt. Ltd. will present their case studies and contest for the IMTMA - ACE MICROMATIC Productivity Championship Awards 2019.
